MUNICIPAL ORDINANCE NO. 03
Series of 2019

AN ORDINANCE INSTITUTIONALIZING THE BARANGAY F1KD AND NUTRITION SPECIFIC INTERVENTIONS FOR PREGNANT WOMEN, AND MOTHERS DURING THE FIRST 1000 DAYS (FIKD)
(Authored by: Coun. Violeta D. Reyes)

I Situationer

Whereas, in the Philippines one in four pregnant women are nutritionally at risk and the same proportion is also anemic which not only affects the growth of the fetus inside the womb but also puts them at risk of deadly complications during childbirth.

Whereas, over 20% of babies have low weights at birth and could continue to become underweight and stunted in early childhood. Only one in four infants is exclusively breastfed which deprives them of the essential nutrition needed to support optimal growth until 5 months of age.

Whereas, over 80% of babies 6-23 months are not fed the minimum acceptable diet needed to further support rapid growth. About 40% of infants 6-11 months are anemic and close to this proportion are already stunted by time they reach 2 years of age.

Whereas, stunting affects brain development and is already irreversible beyond this age. The devastating effects on physical and mental development of both stunting and iron deficiency anemia prevents individuals from reaching their full potential and leads to lower productivity as adults.

II. Policy and Principles

Whereas, in response to the gravity of the nutrition situation in the country, the National Nutrition Council launched the Philippine Plan of Action for Nutrition 2017-2022 which provides the framework for effective country actions at national and local levels to deliver targeted nutritional outcomes.

Republic of the Philippines
PROVINCE OF BOHOL
Municipality of Ubay

Office of the Sangguniang Bayan

Whereas, the Department of Interior and Local Government (DILG) issued Memorandum Circular 2018-42 dated 26 March 2018 on the "Adoption and implementation of the Philippine Plan of Action for Nutrition (PPAN) 2017-2022" to provide guidelines on the rules and responsibilities of DILG Field Offices and LGUs in the implementation of PPAN 2017-2022. This circular directs LGUs to formulate their local nutrition action plans and (LNAPS) and include in their Local Development Plans and Annual Investment Programs (AIP) applicable PPAN programs to ensure adequate funding for nutritional impact and to pass or enact local policies to support the implementation of the PPAN.

Whereas, the Department of Budget and Management also issued Local Budget Memorandum No. 77 dated 15 May 2018 on the FY 2019 Internal Revenue Allotment and Guidelines on the Preparation of the FY 2019 Budgets of Local Government Units" which prescribes guidelines in the preparation of the FY 2019 budgets of the LGUs, identify priorities in the use of the IRA and other local resources. In accordance with DILG Memorandum Circular No. 2018-42, LGUs are enjoined to prioritize in the allocation of the local funds the PPAs included in their respective local nutrition action plans.

Whereas, the Department of Health (DOH)-NNC had already adopted the strategy of the first 1,000Days (F1KD) for the integrated delivery of evidence-based maternal; newborn and child health and nutrition interventions and in the preparation of local nutrition action plans.

III. Nutrition Specific Interventions in the First 1,000 Days

In consonance with the Memorandum Circular 2018-42 and DBM Local Budget Memorandum No.77, this local ordinance will aim to support the Philippine Plan of Action for Nutrition (PPAN) 2017-2022 with the implementation of the following critical nutrition specific interventions in the First 1000 Days targeting pregnant women, lactating mother and children 0-23 months age (2 years).

A. Establishment and Operationalization of the Barangay F1KD

The **Barangay F1KD**, a mother-to-mother nutrition and bread feeding support, composed of all pregnant women and mothers/caregivers of children 0-23 months shall be established in the barangay. The F1KD shall serve as the platform for the delivery of enhanced nutrition interventions at the barangay to include:

- Nutrition education and skills, building for behavior change
- Tracking of clients for case management
- Distribution/resupply of nutrition commodities to include IFA MNP supplements

The BF1K will compliment services delivered in the fixed health facilities to help expand an accelerate nutrition actions at the barangay level. BF1KD operations shall follow guidance described the BF1KD operational guide.

To establish and operationalize the BF1KD, the following actions shall undertaken:

1. The MHO and MNAO to conduct briefing for barangay Captains on the establishment of the BF1KD.
2. Barangays to officially create the BF1KD through the issuance of a Barangay Resolution and to provide funding for the recurrent cost for:
    a. The conduct of the twice a month meetings
    b. Travelling expense of the BHW and BNS to participate in the Monthly Nutrition Review Meetings

Republic of the Philippines
PROVINCE OF BOHOL
Municipality of Ubay

Office of the Sangguniang Bayan

3. Barangay Captains to designate a dedicated BHW for nutrition (selected and recommended by the midwife) to serve together with the BNS, as co-facilitators of the BF1KD.
4. BHW and BNS to regularly update (monthly) the Barangay masterlist of pregnant women and mothers with children age 0-23 months.
5. Barangay Captain together with the midwife, to initially convene a barangay assembly to inform/orient the community on the BF1KD.
6. Midwife to regularly update the Barangay Captain and the BNC on the operations of the BF1KD.

B. Conduct of Behavior Change Intervention (BCI) Activities

Pregnant women and mother with children aged 0-23 months are at the center of nutrition actions at the community level. The success of nutrition interventions in the F1KD will largely depend on their adoption of and/or maintenance of desired nutrition behaviors.

Behavior change intervention activities shall be carried out as part of the BF1KD meetings. The support group will meet twice a month, co-facilitated by the designated BHW and BNS and supervised by the midwife. Mothers will be encouraged to discuss nutrition-related challenges, share information/knowledge, and experiences and insights on how to solve common nutrition related problems.

The following actions shall be undertaken to implement BCI activities:

1. A pool of trainers on BF1KD (from selected provincial and municipal staff) shall be developed to support capacity building activities.
2. Designated co-facilitators of the BF1KD in the barangay (BHW and BNS) together with their supervising midwife shall undergo the BF1KD training.
3. Municipal trainers should conduct post-training mentoring and coaching activities at the barangay level to further support capacity building of trained health workers.
4. Facilitators Guide (part of the BF1KD Operational Guide) shall be made available to all BF1KD co-facilitators.
5. When needed, the MHO, MNAO, Nurse or Midwife shall serve as resource person for selected nutrition topics to be covered in the BF1KD meetings.
6. The Municipal health Office shall make available BCI materials (complementary feeding brochure) needed in the conduct of the BF1KD nutrition and skills building sessions.

C. Conduct of Tracking Activities to Support Case Management

Clients enrolled in the BF1KD, starting with pregnant women, shall be followed to childbirth and until their child reaches 23 months old to help ensure the delivery of the continuum of services in the F1KD. Pregnant women shall be tracked for compliance to scheduled pre-natal check-ups, exclusive BF among lactating mothers, IVCF practices including consumption of nutrition commodities. Tracking information shall be used to support case management, identifying and addressing problems or difficulties encountered by defaulting clients.

The following shall be undertaken to implement tracking activities:

1. Barangay shall ensure that tracking forms shall be made available to the BF1KD co-facilitators and the midwife. Recurrent costs for these forms shall be budgeted by the Municipal Health Office.
2. The Municipal Health Office and the Barangay shall ensure that job aids (IFA and MNP compliance calendars) shall be available for distribution to and use of pregnant women and mother with children 0-23 month, respectively. Recurrent costs for these job aids shall be budgeted by the Municipal Health Office and the barangay.
3. When needed, the BHW and BNS shall conduct home visits to follow up on mothers defaulting to attend the BF1KD sessions.
4. The Barangay Health Station/Midwife shall provide access to existing TCLs and FHSIS data already collected in the barangay.

D. ***Conduct of Monthly Nutrition Review Meetings***

The Nutrition Review Meeting shall be jointly convened monthly by the Municipal Health Office (MHO) and the Municipal Nutrition Action officer (MNAO) with the BF1KD co-facilitators as participants. The meeting will serve as the venue to:

- Review and analyze data submitted by midwives and consolidated by FHSIS coordinator
- Promote accountability of barangays for nutrition targets/deliverables
- Identify challenges/constraints and recommend course of action
- Promote sharing of positive experiences and insights from barangays
- Prepare update presentation to the Municipal Nutrition Committee Meeting

The following actions shall be undertaken to conduct the monthly nutrition meetings:

1. Participation of the BF1KD co-facilitators shall be supported by the Barangays.
2. Recurrent costs for the conduct of the meeting shall be budgeted by the Municipality
3. The FHSIS nurse shall be trained on the BF1KD Tracking System
4. The BF1KD Tracking reports shall be consolidated/encoded by FHSIS Coordinator (Nurse) and the dashboard prepared and presented during the meeting.
5. Analysis of the BF1KD Dashboard shall be done and the quarterly summary report shall be prepared by the MHO/MNAO for presentation to the Municipal Nutrition Committee Meeting.

IV. Partners/Stakeholders Roles and Responsibilities

To ensure the successful implementation of this ordinance, the following identified partners/stakeholders shall discharge the corresponding roles and responsibilities:

Barangay Nutrition Committee (BNC). The BNC shall:

1. Convene Barangay assembly meetings for the initial organization of the BF1KD
2. Ensure that a permanent BNS and BHWs are assigned as co-facilitators of the Barangays F1KD
3. Provide administrative support to the Barangay F1KD meetings to include provision of the meeting venue, transport of participants from distant location, and snacks during the BF1KD meetings.
4. Provide oversight in the implementation of Barangay F1KD activities

Municipal Nutrition Committee (MNC). The MNC shall:

1. Conduct planning, implementation, monitoring and supervision activities for the establishment and operationalization of the Barangay F1KD.
2. Ensure that the Barangay F1KD activities are integrated in the annual LNAPs and with corresponding budgetary allocation approved in the Annual Investment Plan (AIP).
3. Conduct regular feedback meeting to the PNC on the Barangay F1KD implementation

Municipal Health Office (MHO). The MHO shall:

1. Support capacity building activities on BF1KD for nurses, midwives, BHWs and BNS.
2. Coordinate with the Provincial Health Office for the timely delivery of needed IFA and MNP supplements and immediate distribution of these commodities to respective barangays.
3. Budget for the recurrent costs of supplementary feeding for nutritionally at risk pregnant women and complementary feeding for children 6-23 months.

V. Appropriations

The Municipal Government shall allocate funding to support the implementation of this ordinance. A minimum of one percent (1%) of the Internal Revenue Allocation or from its annual budget shall be set aside for this purpose.

Funding for other nutrition-sensitive interventions should be sourced and appropriated from the regular budget of the respective agencies. Mobilization of funds from other mandated appropriations that are relevant for the implementation of identified nutrition interventions shall also be conducted in support of the Barangay F1KD.

For each Barangay, there shall be a regular appropriation of funds of not less 0.5% from its annual and/or supplemental budget to support the administrative and operational needs of the Barangay Nutrition Committee and the BF1KD.

VI. Separability Clause/ applicability Clause

If any portion of this ordinance will be declared invalid or unconstitutional, the validity of the remaining provisions not affected shall remain in full force and effect. All other matters relating to the impositions or regulations provided in this ordinance shall be governed by the pertinent provisions of existing laws and other ordinances. This ordinance shall apply to all people within the territorial jurisdiction of the Municipality of Ubay, Barangay _____ and to all persons who may be subject to the provisions of this ordinance.

VII. Repealing Clause

All ordinances, resolutions, executive orders and other issuances which are inconsistent with any of the provisions of this ordinance are hereby repealed or modified accordingly.

VIII. Effectivity

This ordinance shall take effect immediately.

ADOPTED this 9th day of October, 2019.
